CREATIVE PORTFOLIO

UI/UX
DESIGNER

FRONT-END
DEVELOPER

HM KM NIMA

Passionate about UI/UX design and front-end development.
I enjoy creating clean and user-friendly interfaces while
maintaining a balance between aesthetics and functionality.
Currently working with Figma, HTML, and CSS, and learning
JavaScript to expand my front-end skills.

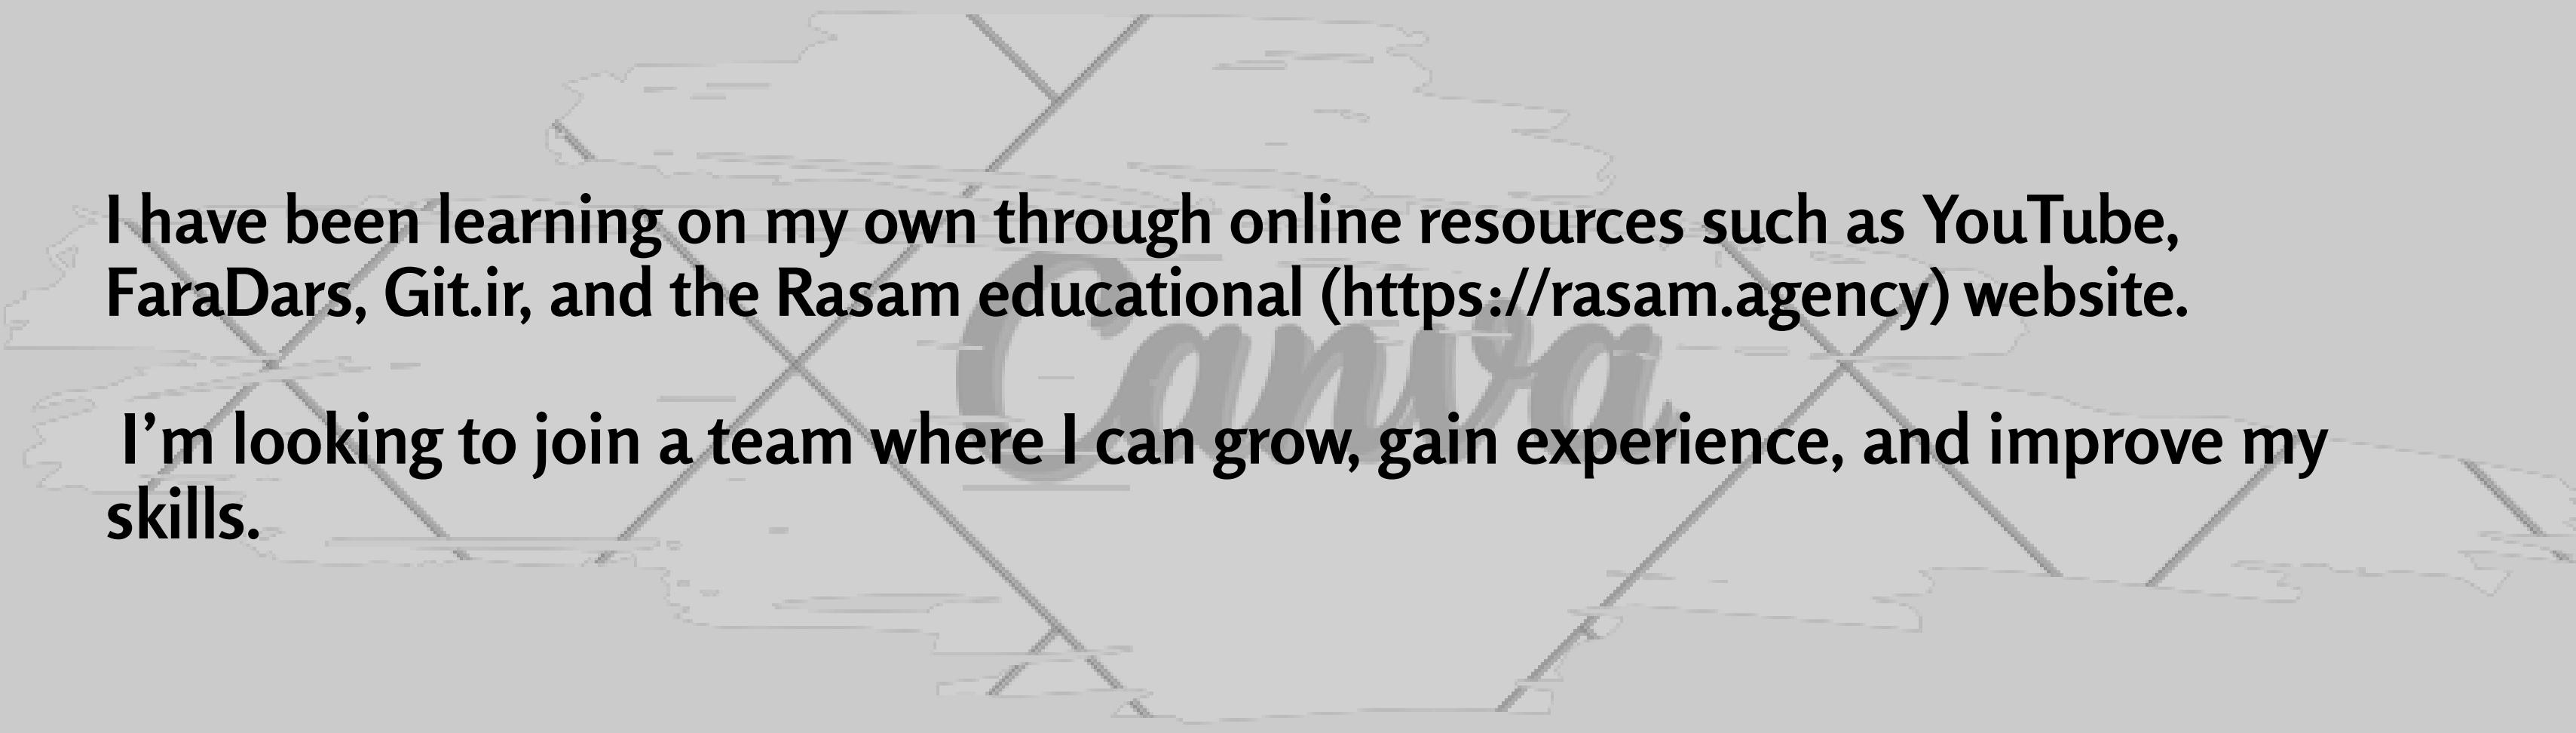

دانشکده فنی و حرفه‌ای شید شمسی پور

EDUCATION

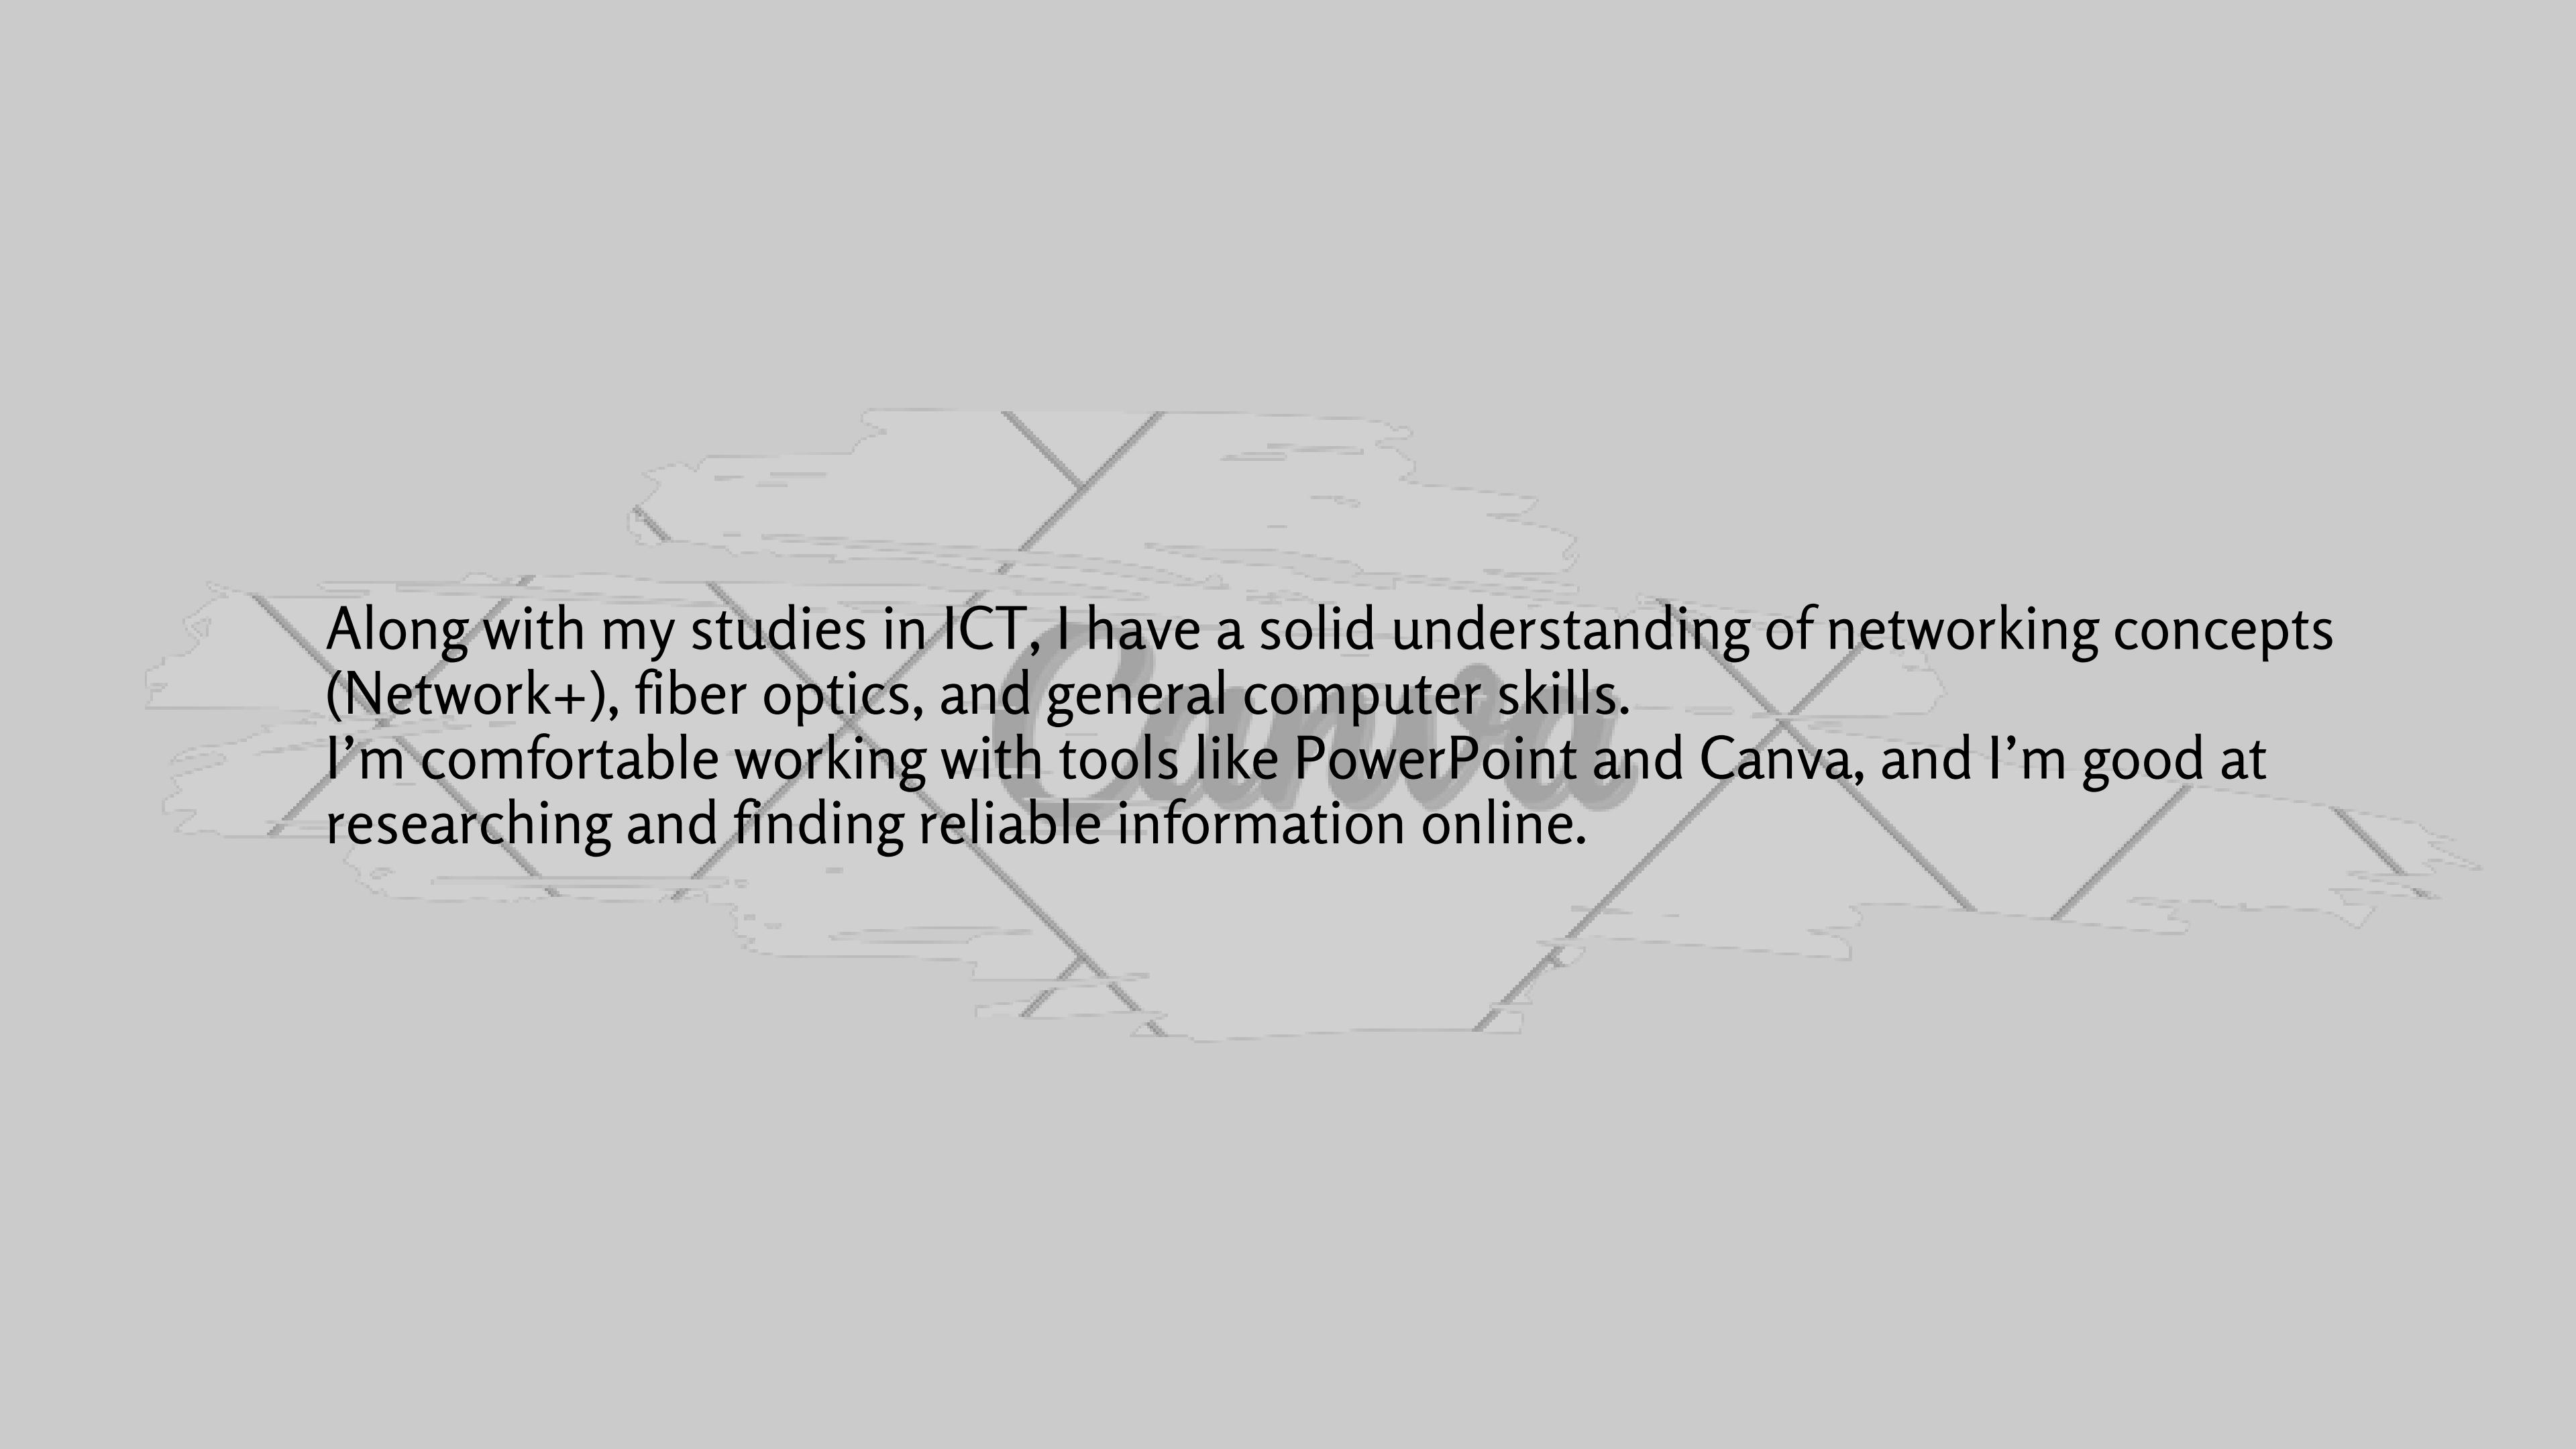

2023-now

Bachelor's Degree in Information and Communication Technology
(ICT)
Shahid Shamsipour Technical and Vocational College – Tehran
Currently studying

I have been learning on my own through online resources such as YouTube, FaraDars, Git.ir, and the Rasam educational (<https://rasam.agency>) website.

I'm looking to join a team where I can grow, gain experience, and improve my skills.

Along with my studies in ICT, I have a solid understanding of networking concepts (Network+), fiber optics, and general computer skills. I'm comfortable working with tools like PowerPoint and Canva, and I'm good at researching and finding reliable information online.

2025 - now

SELF-TAUGHT
UI/UX Design

2024 - now

PLANT CARE APP
PRACTICE PROJECT

I know I don't have a strong portfolio or many projects yet, but I created this to have a reference point and see how far I've come in the future.

LET'S CREATE SOMETHING

CREATE

TOGETHER!
